

Fife Business Awards

Description

The shortlist for the Fife Business Awards 2017 has been unveiled.

Shortlist Announced!

The shortlist for the Fife Business Awards 2017 has been unveiled, with 33 companies making the cut across 11 categories.

The nominees showcase the best of business in Fife, reflecting the breadth and depth of business successes in the region.

Fife Chamber of Commerce President, Peter Southcott, commented: “We received a very high standard of entries, making judging particularly difficult. Of course there are many other notable and thriving businesses across Fife, we believe that the shortlist represents the highest calibre of professionalism, innovation, service levels and achievement. The annual awards dinner is an excellent opportunity to showcase the business community within Fife, and it has become a popular fixture in the Fife business calendar. I would like to thank the award category sponsors, as without them, the Fife Business Awards would not be possible.”

The celebration gala dinner will be held on Friday 31 March at the Rothes Halls in Glenrothes and will be hosted by Grant Stott. Tickets are selling quickly so book soon to secure your place on the night.
