

Sephra CF34-44RC Highly Polished Convertible Chocolate Fountain

Description

TWO CHOCOLATE FOUNTAINS IN ONE

With our new combination version you can either use the [CF34-44RC HP \(Highly Polished\) Chocolate Fountain](#) in the 5 tier 44â€ (112cm) or 3 tier 34â€ (86cm) assembly. The CF34-44RC HP Chocolate Fountain can hold up to 10Kg of chocolate, which will serve approx 300 guests.

The [CF34-44RC Chocolate Fountain](#) is the perfect solution for scaling to individual event needs such as weddings, functions, parties and also for cafe and restaurant use. It features a removable bowl which melts the chocolate in the base of the Chocolate Fountain meaning that there is no need for a separate chocolate melter or having to pre-melt your chocolate in a microwave. So if you have a slightly smaller event, simply remove the extension parts to convert the [CF34-44RC HP Chocolate Fountain](#) to a 34â€³ unit, which will run on only 5.4Kg of chocolate whilst still having a capacity of 10Kg.

Carry Cases included with the CF34-44RC Highly Polished Convertible Fountain.
