

Sephra Quality

Description

Since the start of Sephra in 2003, we have made it our objective to manufacture the best performing chocolate fountains in the world.

As pioneers in the chocolate fountains industry, we have dedicated ourselves to creating the highest quality, easiest to use and longest lasting chocolate fountains, all at the most affordable prices. We know our customers need professional fountains they can depend on, which is why we proudly offer the best chocolate fountain warranty and service interval in the industry.

We believe our products reputation in the marketplace now confirms our success in accomplishing our objective.

Great attention to the smallest of details ensures your Sephra chocolate fountain will serve you well for many years.

Many of the quality features are not readily seen or understood by the owner. A good example of this is our patented tier design, that makes it easy to drop the tiers on to the exact location on the centre column, this keeps them perfectly level. Our removable bowl makes our fountains much easier to clean. Whisper quiet motors make our fountains run silently yet powerfully. With an unparalleled level of experience we pride ourselves on our high standards of pre and post sales support.

No matter what advice is required, we are on hand every step of the way.
