40Z POPCORN MAKER
SUMMER SPECIAL OFFER
NOW ONLY £209.25

SUBJECT TO AVAILABILITY - PRICES EXCLUDE VAT

Sephra are proud to present our commercial range of popcorn machines. Ideal for small to medium commercial and domestic use. The Sephra 4oz Popcorn makers produce popcorn every 3-4 minutes, whilst keeping the

popped popcorn warm on the heater deck.

This perfect design allows your customers to be continuously served warm delicious popcorn. The popcorn maker includes a matching cart, however it can also be used without this as a table top popper.

Sephra popcorn machines have a removable tray that collects the un-popped kernels. This feature reduces waste, and is also ideal for cleaning. Our commercial popcorn machines also come with free accessories – a stainless steel scoop, salt shaker and measuring spoons.

As well as having a set of professional popcorn makers, Sephra also provide a range of popcorn supplies and accessories, these include popcorn boxes, kernels, oils and flavourings.

Sephra are proud to offer you 25% off our 4oz commercial popcorn maker.
